INFORMED CONSENT TO TREATMENT

I understand that the practice of naturopathic medicine requires taking a thorough case history and may require a physical exam. Some cases may require diagnostic testing which may include the collection of blood, urine, and/or saliva.

I understand that if after an initial course of treatment, results are not as expected or if my practitioner is concerned that I need additional assessment, further workup may be recommended.

I confirm that the information I have provided is complete and inclusive of all health concerns including the possibility of pregnancy, the use of all current medications and supplements, and any past/current serious health condition(s).

I understand that naturopathic medicine carries a risk of complications and that a resolution of symptoms is not guaranteed. Health risks of some naturopathic treatments include but are not limited to: temporary aggravation of pre-existing symptoms, allergic reactions and/or other adverse effects, pain, fainting, fatigue, irritability, bruising or injury from venipuncture, acupuncture, cupping, or moxibustion.

I confirm that I have the ability to accept or reject the recommended treatment(s) of my own free will. I understand that I have the ability to seek and/or continue medical care from another qualified health care practitioner. I recognize that I am encouraged to speak freely regarding the treatments received and recommendations made to me with the rest of my health care team.

I understand that a record of my visits and medical history will be kept, that this record will be strictly confidential and will not be released to any person or entity without my written consent except if ordered by a court of law.

I acknowledge that naturopathic medicine is only partially covered by certain extended health plans and therefore I am responsible for payment of goods and services in full at each visit.

I understand that I will be charged a late fee equal to the full cost of my scheduled appointment for appointments missed or cancelled with less than 24 hours' notice.

I acknowledge that if I arrive late for my scheduled appointment, the visit will be shortened to ensure that other patients' visits are kept on time.

I understand that my naturopathic doctor reserves the right to determine which cases fall outside their scope of practice in which case the appropriate referral will be recommended.
